

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. Important Questions	Answers	Why This Matters:
What is the overall <u>deductible</u> ?	<u>In-Network and Out-of-Network Provider</u> : \$500 Individual / \$1,000 Family.	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on this <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your <u>deductible</u> ?	Yes. <u>Preventive care</u> is covered before you meet your <u>deductible</u> . Unless otherwise specified, the following do not count toward <u>deductible</u> : <u>emergency room deductible</u> ; physician office visits; mental health professional office visits; well child care; immunizations; and certain routine screenings.	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copay</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits .
Are there other <u>deductibles</u> for specific services?	Yes. \$100 <u>emergency room deductible</u> per sickness visit. There are no other specific <u>deductibles</u> .	You must pay all of the costs for these services up to the specific <u>deductible</u> amount before this <u>plan</u> begins to pay for these services.
What is the <u>out-of-pocket limit</u> for this <u>plan</u> ? (<u>In- and Out-of-Network</u> limits do not cross accumulate)	Medical: <u>In-Network and Out-of-Network Provider</u> :* \$4,600 Individual / \$9,200 Family. For <u>prescription drug coverage</u> : \$2,000 Individual / \$4,000 Family.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket limit</u> ?	<u>Premiums</u> , <u>balance billing</u> charges, and health care this <u>plan</u> does not cover. Infertility treatment (coverage of which is limited to \$200/year) and extended post-hospital care at home or a skilled nursing home (coverage of which is limited to a maximum of 30 days following one period of hospital confinement) do not count toward the <u>out-of-pocket limit</u> .	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .

<p>Will you pay less if you use a <u>network provider</u>?</p>	<p>Yes.* For a list of <u>network providers</u>, visit: www.bluecrossmn.com or call the Fund Office at (218) 728-4231 locally, or toll-free at 1-877-752-FUND (3863).</p> <p><i>*Out-of-network providers are treated as in-network providers for cost sharing purposes in certain circumstances: emergency treatment by an out-of-network provider, services from an out-of-network provider at an in-network facility, and out-of-network air ambulance costs for emergencies.</i></p>	<p>This <u>plan</u> uses a <u>provider network</u>. You will pay less if you use a <u>provider</u> in the <u>plan's network</u>. You will pay the most if you use an <u>out-of-network provider</u>, and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <u>plan</u> pays (<u>balance billing</u>). Be aware your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work).* Check with your <u>provider</u> before you get services.</p>
<p>Do you need a <u>referral</u> to see a <u>specialist</u>?</p>	<p>No.</p>	<p>You can see the <u>specialist</u> you choose without a <u>referral</u>.</p>

 All copay and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
